July 11, 2006...Salt Lake City...As of 4:30 p.m. today Incident Commander Jeff Bergfeld reports marked progress towards obtaining 100% containment of the Twin Peaks Fire by 10 p.m. this evening. Bergfeld and his fire suppression crews were successful in keeping the 400 acre fire in check. Fortunately the hotspots were found within the burned area; mainly in the aspen stands.

Two additional Type II crews were added this morning to the firefighting brigade making a total of 80 personnel on the Twin Peaks Fire. Bergfeld said the weather was fairly cooperative today although at the time of receiving his report the winds were starting to pick up some with an approaching thunderstorm activity.
